RESOLUTION FOR AN EASEMENT TO 
ATMOS ENERGY CORPORATION
IN SUPPORT OF INCREASED GAS LINES AND GAS LINE CAPACITY
ON VIRGINIA TECH’S MAIN CAMPUS

Atmos Energy Corporation has requested Virginia Polytechnic Institute and State University (“Virginia Tech”) grant an easement to Atmos for the installation of a gas line in the area of Plantation Road located in the Town of Blacksburg, Montgomery County, Virginia, in support of Virginia Tech’s access to natural gas service.
RESOLUTION FOR AN EASEMENT TO
ATMOS ENERGY CORPORATION
IN SUPPORT OF INCREASED GAS LINES AND GAS LINE CAPACITY
ON VIRGINIA TECH’S MAIN CAMPUS

WHEREAS, Atmos has identified an increased need for natural gas in support of
Virginia Tech’s initiatives, programs and departments, including the Main Campus
area of Plantation Road; and

WHEREAS, the installation by Atmos and subsequent Virginia Tech use of the gas
line will alleviate the increasing natural gas needs of Virginia Tech; and

WHEREAS, Atmos has requested Virginia Tech grant an easement on Virginia
Tech land near the area of Plantation Road which easement area would contain
approximately 87,375 square feet as more particularly shown and described on
the attached drawing entitled Plat of Easement for Atmos Energy Corporation
dated September 3, 2021 and made by Hurt & Proffitt; and

WHEREAS, Virginia Tech desires to grant the approximately 87,375 square feet
access easement in support of increased access to natural gas resources for
Virginia Tech; and

NOW, THEREFORE BE IT RESOLVED, that the Senior Vice President and Chief
Business Officer, his successors and/or assigns, be authorized to execute a Deed
of Easement to Atmos as described herein, in accordance with applicable Virginia
Tech policies and procedures as permitted by the Higher Education Restructuring
Act and the Management Agreement with the Commonwealth of Virginia, and the
Code of Virginia (1950), as amended.

RECOMMENDATION:

That the above resolution authorizing the Senior Vice President and Chief
Business Officer to execute an easement to Atmos for the purposes stated and
described herein be approved.

April 4, 2022
DEED OF EASEMENT

This Deed of Easement is dated the _____ day of ________________, 2022, by and between VIRGINIA POLYTECHNIC INSTITUTE AND STATE UNIVERSITY, an institution of higher education and agency of the Commonwealth of Virginia, hereinafter called Grantor, and ATMOS ENERGY CORPORATION, a Texas and Virginia corporation with its principal office at 5420 LBJ Freeway, Suite 1800, Dallas, Texas 75240, hereinafter called Grantee.

WITNESSETH

That for the sum of One Dollar ($1.00) and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in accordance with Section 23.1-1002 of the Code of Virginia (1950), as amended, Grantor grants unto Grantee, its successors and assigns, the perpetual right, privilege, and easement of right-of-way, five thousand, eight hundred twenty-five feet (5,825') in length, fifteen feet (15') in width, seven and a half feet (7.5') on each side of the centerline, to lay, erect, construct, operate, maintain and repair a pipeline or pipelines, constructed of a combination of 8" Steel and 8" HDPE pipe, and the appurtenances thereto and all equipment, accessories and appurtenances necessary in connection therewith, hereinafter called facilities, for the purpose of the transportation of oil, gas, lignite and other fluids or substances, or any of them, and the products thereof, together with such above ground drips, valves, fittings, meters, pressure relief facilities, aerial markers, graphite and steel anodes, rectifier poles and other devices for the control of pipeline corrosion, and other appurtenances as may be necessary or convenient in the operation of said lines, over, across, under and upon, the lands of the Grantor situated in the Prices Fork Magisterial District, County of Montgomery, Virginia, said right-of-way being shown on the Plat of Easement for Atmos Energy Corporation, prepared by Hurt & Proffitt, dated September 3, 2021, which is attached to and made a part of this Deed of Easement as Exhibit A; being part of that same real estate acquired by Grantor by deed dated April 26, 2010, recorded in the Clerk’s Office, Circuit Court of Montgomery County, Virginia, in Deed Book 2010 Page 003159.

This easement is subject to all existing easements, rights-of-way, covenants, encumbrances and restrictions of record, and is further subject to the following conditions:

A. The facilities constructed shall remain the property of Grantee. Grantee
shall have the right to inspect, rebuild, remove, repair, improve, and make such changes, alterations, additions to or extensions of its facilities within the boundaries of said right-of-way as are consistent with the purpose expressed herein. All construction, maintenance, equipment and facilities shall comply with all applicable laws, ordinances, codes and regulations. Grantee will be responsible for any and all costs associated with the improvements. All work will be scheduled with the Facilities Operation Control Center at (540) 231-4300. The improvements will be completed in a good workmanlike manner and limited to the areas shown on Exhibit A.

B. Upon completion of any activity by Grantee upon the right-of-way, Grantee shall restore the right-of-way as nearly to its original condition as practicable, including backfilling of trenches, reseeding or resodding of lands, replacement of equipment and facilities of Grantor, removal of trash and debris, and removal of any of Grantee's equipment, accessories or appurtenances not consistent with the construction, maintenance or operation of said facilities or the exercise of any rights or privileges expressed herein. Grantee shall maintain said right-of-way and facilities in such repair as not to endanger or otherwise limit the enjoyment or use of Grantor's property and adjacent properties.

C. Grantee shall contact the Virginia Tech University Arborist to discuss any trees, shrubbery or other natural obstructions that interfere with or threaten the efficient and safe operation, construction or maintenance of said facilities. The Grantor retains all rights and decision-making authority regarding whether to trim, cut and remove trees, shrubbery or other natural obstructions that Grantee feels may need to be trimmed, cut, or removed to install said Grantee facilities. All trees cut shall remain the property of Grantor. All brush, branches, and other debris resulting from any cutting, trimming, or clearing of said right-of-way shall be removed from lands of Grantor and disposed by Grantee. All work shall be constructed under ATMOS' Department of Environmental Quality approved annual standards and specifications for erosion and sediment control and stormwater management.

D. Grantee shall have the right of ingress to and egress from said right-of-way over the lands of Grantor as may be necessary to exercise Grantee's rights herein. Grantee shall exercise such right in such manner as shall not occasion injury or inconvenience to Grantor. Grantee shall at Grantor's election pay for or repair any injury to any of Grantor's land, structures, roads, fences, and other improvements caused by Grantee, its employees, agents or contractors. Grantee shall notify Grantor immediately of any such injury and shall make said payment or repair within thirty (30) days after such election by Grantor; provided, however, that if such injury results in an on-going hazardous condition or a material loss of use of Grantor's property (such as, by way of illustration and not by limitation, a disruption of any utilities or loss of access to Grantor's property) then Grantee shall immediately remedy the hazardous condition or material loss of use.

E. Grantor, its successors and assigns, may use said right-of-way for any purpose not inconsistent with the rights hereby granted, provided such use does not interfere with the safe and efficient construction, operation or maintenance of said facilities, and further provided that such use is not
inconsistent with any laws, ordinances or codes pertaining to the construction, operation or maintenance of said facilities and to which the Grantor is subject.

F. Grantee covenants and agrees to indemnify, defend and hold Grantor, its employees and agents, harmless from and against any claims of injury to any persons or property and from and against any other liability of any nature whatsoever to the full extent authorized by Virginia law resulting from the installation, operation, maintenance, replacement, repair, removal or use of any of Grantee's facilities or the connection to other utility facilities on or adjacent to said easement, or in any way arising out of Grantee's exercise of any rights herein granted.

G. Grantee shall complete the work, activities, and requirements set forth in this agreement in accordance with the attached timeline, Exhibit B. Once the project is completed, If Grantee at any time discontinues use of all or any portion of the easement herein conveyed for a period of one year, all of the Grantee's rights and interest in said easement or portion thereof shall immediately terminate and revert to Grantor, its successors and assigns, and Grantee shall at its expense remove any facilities and restore Grantor's property as nearly to its original condition as practicable and, on written request by Grantor, Grantee shall quitclaim and release same.

H. This easement of right-of-way, and the use thereof, is intended to be used solely for the benefit of the lands of Grantor. No other use shall be permitted without the express written consent of Grantor, which consent Grantor shall be under no obligation to give. Consent shall be evidenced by an amendment to this Deed of Easement, approved and executed with the same formality as this Deed of Easement, and shall be subject to all conditions therein set out.

I. If Grantor at any time deems it necessary or advisable to relocate for Grantor's convenience any of Grantee's facilities installed and used pursuant to this Deed of Easement, Grantee shall relocate such facilities to a route or place acceptable to Grantor, provided Grantor for no additional consideration shall grant unto Grantee such easement as may be necessary to effect such relocation, subject to the same rights, privileges and conditions, as herein set forth, and Grantor shall reimburse Grantee the reasonable, direct costs of such relocation. Upon relocation of any of the facilities from any portion of the easement hereby granted, the easement for or over that portion of the land no longer used by Grantee shall automatically terminate and all rights, title and interest therein shall revert to Grantor.

J. Grantor's buildings that currently have connections to the gas lines along the easement shall remain connected and active. At no time shall these gas lines be disconnected or made inactive. Grantee shall add gas line connections to Grantor's properties along Plantation Road, Blacksburg, Virginia, in the future at Grantor's request at no cost to Grantor. Grantee will be responsible for any and all costs associated with adding this gas line connection.

K. Grantee shall communicate with the Grantor to ensure that all of the
easement areas that have animals are secure and that, if needed, temporary fencing is built to keep the animals out of the construction area.

L. Access to the Smithfield Horse Center shall remain open with the ability for ingress and egress at all times during construction.

WITNESS the following signatures and seals.
